

LAURIE THOMPSON HAS SHIT FOR BRAINS

by Scott Rose

Laurie Thompson is the frothy-at-the-mouth Evangelical gay-bashing spokes-turd for the Parents Action League, a Southern Poverty Law Center-certified anti-gay hate group.

Thompson, as part of her malicious asshole gay-bashing, loves to talk about the “Judeo-Christian tradition;” — but — you can very safely pay this total scumbag Minnesota Hetero-Nazi no mind there, as her only reason for ever referencing Jews most likely is as a reminder to all that if Chaim Moskowicz won’t accept Jezeel born of a “Virgin” as his “saviour,” he’s going **where the goblins go**. ...

The major Shit-For-Brains Laurie Thompson is so sure that she has the exclusive low-down on the afterlife, that she can with confidence say that were her bigot’s tuchus put under oath on a witness stand in a US Court of Law, she could present direct evidence proving beyond a reasonable doubt that both Jews and LGBTers who don’t reject their Judaism, and/or their gayness, in favor of accepting the Evangelical version of **Jesus as their savior** will go to hell, and that her direct evidence for that will create a legal precedent that all US Courts will thereafter be obliged to follow.

As a vicious gay-bashing spokes-turd for the Parents Action League, Laurie Thompson is exceedingly proud — in her Virgin/Jesus wet-pussy-depths — of **the PAL website**, which is OBSESSED with gay human beings, and defining them as sick, but susceptible of being cured through Jesus-inspired-miracles.

As a gay-bashing bigot, Laurie Thompson and her fellow shit-for-brains Evangelicals did all they could to **maintain a public school environment hostile to LGBTers in the Anoka-Hennepin schools**....

As is known, those schools settled a massive lawsuit brought against them and, in practical effect, against the noxious influence of the Jesus-homo-haters, in favor of rational, moral, good, strong LGBT acceptance values.

The settlement of the lawsuit set the famous Shit-for-Brains gay-basher Laurie Thompson on a frothy-at-the-mouth warpath.
