

# A DAY OF FASTING AND PRAYER FOR ILLINOIS

*September 11, 2013*

**IT'S TIME** to call the Church to a solemn assembly to fast and pray together as one in Christ; to call upon our Heavenly Father, through whom "all things are possible," to bring healing to our state.

**ISRAEL** fasted and prayed when there were armies coming against them and when they needed to know what God wanted them to do. David, Nehemiah and Esther all fasted and prayed for direction. We know the Word. It's time that we do the Word.

**CAN YOU ENVISION** the delight it would bring to our Father when His people from the north, south, east, and west fast and pray on the same day, seeking Him on behalf of the State? What an awesome picture!

**COULD IT BE** that we also might need to repent for not being proactive in the public square? For our lack of commitment to the values of Godly government? For not challenging those in government positions? For letting them do evil things that have put us in the place we are at today? Could it be that if we repent God will hear? We know His promise in 2 Chronicles 7:14-20, but if we don't repent, God warns of destruction.

**IT'S HIS WILL** that we return to Him with our all our hearts, minds and strength and not have this same-sex marriage bill considered. **Will you join us on Sept. 11, 2013, to fast and pray for the State of Illinois**, pressing into God so that we will see those in government change and have visitation from the Father of Heaven?
