THE GODFATHER
OF PRO-LIFE ACTIVISM

is coming to Frankfort

*for a special forum hosted by the
Illinois Family Institute!*

Joseph Scheidler, the national director and founder of the Chicago-based Pro-Life Action League has been fighting to protect life for nearly five decades. He's traveled around the nation and the world to share his message that individuals who value life can take non-violent direct action to stand up to the abortion industry and pro-abortion politicians.

Mr. Scheidler will share his wisdom, experience and the continuing efforts to turn our national culture away from the ugly, violent narcissism that makes legalized abortion possible. He will also touch upon life issues before the courts and legislatures in Springfield and Washington D.C. And he'll answer your questions during the IFI Life Forum.

Join us at:

Smokey Barque

20 Kansas Street, Frankfort, IL
