Are you registered to vote?

Have you moved recently?

Will you be 18 on or before the next election?

Voting is a privilege that millions of people in other parts of the world are not allowed to exercise. God has blessed America with the gift of self-government—a “government of the people, by the people, and for the people.”

But this blessing also comes with a tremendous responsibility. In Romans 13, we are told that all authorities are appointed by God. Who is the authority in America? If you look at the first three words in our US Constitution, you'll get your answer—“**We the People...**”

As Christians, we have a duty *and* a moral obligation to be involved in the democratic process. Imagine the IMPACT we could have on our government, its leadership, and our nation if we all simply registered to vote and voted our Biblical values!

Because we live in a representative form of government, our vote can make a practical difference in the lives around us. By voting we help determine who will lead our nation, make our laws, and protect our liberties. We directly and indirectly affect the lives of our neighbors and our posterity!

One of the primary ways Christians can affect public policy is to register to vote and then vote on election day.

Please stop by the table in the lobby and register to vote TODAY!
